

Suggested Itinerary for Self Drive along the South Coast from Hotel Ranga

This morning head off in your Self Drive Car along the South Coast with the dramatic Glaciers and Volcanoes of Hekla and Eyjafjallajökull to your left and the Atlantic Ocean on your right. Continue to the charming small village of **Vik** to visit the Black Beaches and dramatic rock formations of **Reynisdrangar** with its famous archway. The views from the top of this Archway are truly spectacular. Vik is probably the best place for you to have lunch so you may wish to travel all the way to Vik and then work your way back from there to Hotel Ranga stopping at the sites on the way.

Visit **Seljalandsfoss** one of the most famous waterfalls in Iceland, where you will be mesmerised as you walk behind it and stare out through the falling water across the flat landscape towards the South Beaches. Also visit the dramatic and thundering **Skogar Waterfall** - one of the highest in Iceland at 60M and certainly worth a few photos!

Afterwards stop at the **Skogar Folk Museum** which shares one mans lifetime collection of Icelandic artefacts gathered since 1949. The slightly eccentric Thordur Tomasson still runs the museum and is as much as an attraction as the museum itself! Opening Hours 11-1600. **These hours change so please check with Hotel Reception before you leave**

Time allowing we would also recommend a stop at Eyjafjallajökull Visitor Centre which has a 20 minute film depicting the personal experience of a farmer of the recent eruption which will give you a more intimate insight to how the Icelanders coped with the eruption. **Please note this will need to be pre-arranged via Hotel Ranga as it is closed in the winter apart from on special request.**

For those looking for a dip there is an isolated and unique thermal pool about 20 mins from the Hotel. **Please check with the hotel for directions** but be prepared for it to be very natural with no conveniences!

Snowmobiling on the top of the Glacier can also be accessed through a Hire Car – Please see the other attachment for prices
